

Naviance Program—Carol Barry

1. Naviance is a web based program that gives students/parents/counselors/teachers information to A) apply to college B) the ability to track student's progress in attaining collegiate goals.
2. Assesses student's interests. From the assessment Naviance determines a variety of jobs that would appeal to those students and colleges that offer degrees in those jobs. Finally it gives the criteria a student needs to fulfill to get into a preferred college.
3. Point Loma High (thanks to Nelly Meyer) is in the process of offering this program to their students
4. Carol Barry wonders if Correia might benefit from this program and has offered to get it for them if so.

College Board

1. College Board is the test prep company that does the AP, SAT, PSAT, CLET tests.
2. Carol Barry has asked them if they would like to work with our cluster of schools to create a new approach to college prep. They were interested.
3. College Board has worked with middle and high school already so including elementary schools would be a new challenge for them.
4. Carol Barry is meeting with someone from College Board to determine if this partnership is possible.
5. Matt Spathas said that college prep classes/instruction should be available to all students no matter what the financial situation.
